

AppAssist and eDelivery make the buying and selling process easier.

10 MINUTES AND DONE WITH APPASSIST™ AND eDELIVERY.

START WITH APPASSIST

For over a decade, Legal & General America's tele-application program, AppAssist, has improved and streamlined the life application process for advisors and customers. Advisors drop a simple ticket, and AppAssist takes over the administrative burden of application fulfillment and case management, allowing more time for marketing, finding new clients and matching needs with the right coverage.

AppAssist is a win-win for advisors and customers:

- **Great service** – customers can ask questions during the quick 45-minute application interview performed by LGA's in-house professional staff.
- **Convenience** – the interview is scheduled at the customer's convenience and a brief medical exam can be scheduled at the end of the call.
- **Speed** – the interview is typically completed within 48 hours of ticket receipt and voice signature speeds up the cycle time by three weeks.
- 98% of AppAssist completed interviews become formal applications.
- 70% of AppAssist cases are placed.

FINISH WITH eDELIVERY

LGA's flexible eDelivery solution to deliver life insurance policies to customers electronically. LGA partners with DocuSign, the global leader in eSignature, and PayPal to process online payments, creating an award-winning eDelivery platform.
